Authority's Contractor to obtain water from hydrants in the vicinity of the project. It shall be the responsibility of the Contractor to comply with all permits conditions and requirements established by the RWA for the use of such hydrants.

A hydrant permit must be obtained from the Fire Department. Once this permit is obtained, a hydrant meter and backflow preventer can be obtained from RWA. RWA requires a deposit of \$1,000.00 for a 3" hydrant meter and backflow preventer. The Contractor shall be responsible for installing and uninstalling the meter on a daily basis to prevent freezing and damage of the hydrant and other equipment. The Contractor must guarantee that the fire hydrant is left drained overnight. The meter will be read upon its return to RWA at the completion of the project. The usage will be deducted from the deposit, and a check will be mailed for any refund due. If the usage is greater than the deposit, a bill will be sent to the Contractor for the balance due.

All costs associated with water used to complete the project shall be included in the contract unit price for Cured-In-Place Pipe Lining.

Notice

To All Mason Contractors and Interested Parties Regarding Construction Pursuant to Section 31-53 of the Connecticut General Statutes (Prevailing Wage)

The Connecticut Labor Department Wage and Workplace Standards Division is empowered to enforce the prevailing wage rates on projects covered by the above referenced statute.

Over the past few years the Division has withheld enforcement of the rate in effect for workers who operate a forklift on a prevailing wage rate project due to a potential jurisdictional dispute.

The rate listed in the schedules and in our Occupational Bulletin (see enclosed) has been as follows:

Forklift Operator:

- **Laborers (Group 4) Mason Tenders** - operates forklift solely to assist a mason to a maximum height of nine feet only.
- **Power Equipment Operator (Group 9)** - operates forklift to assist any trade and to assist a mason to a height over nine feet.

The U.S. Labor Department conducted a survey of rates in Connecticut but it has not been published and the rate in effect remains as outlined in the above Occupational Bulletin.

Since this is a classification matter and not one of jurisdiction, effective January 1, 2007 the Connecticut Labor Department will enforce the rate on each schedule in accordance with our statutory authority.

Your cooperation in filing appropriate and accurate certified payrolls is appreciated.
