BIDDER'S CHECKLIST

At a minimum, the following separate documents shall be completed and submitted with each bid:

1. Itemized Proposal
2. Bid Bond
3. Statement of Qualifications

**NOT FOR BIDDING PURPOSES
REFERENCE COPY ONLY**

Greater New Haven
Water Pollution Control Authority

INVITATION

for Services

PROJECT: 2023 COLLECTION SYSTEM CLEANING & CCTV INSPECTION

GNHWPCA PROJECT NO. SSR 2023-03

Sealed bids will be received at the Office of the Director of Finance and Administration of the Greater New Haven Water Pollution Control Authority located at 260 East Street, New Haven, Connecticut 06511 for the **2023 COLLECTION SYSTEM CLEANING & CCTV INSPECTION PROJECT (SSR 2023-03)** until **10:00 AM on Wednesday, June 28, 2023** at which time and place said bids will be opened publicly or via video conference and read aloud.

The work required by the project consists of providing:

- 1) Cleaning services and closed-circuit television (CCTV) inspection of designated large diameter sanitary sewers (Nominal pipe diameters between 24 and 84 inches - approximately 170,000 linear feet (LF)),
- 2) Cleaning services and CCTV inspection of medium diameter sanitary sewers on an as requested basis (Nominal pipe diameter between 14" and 22" - approximately 40,000 LF),
- 3) Cleaning services and CCTV inspection of small diameter sanitary sewers on an as requested basis (Pipe diameters between 8" and 12" - approximately 100,000 LF), and
- 4) Cleaning of the Truman Storage Tank.

The information for Bidders, Proposal, Form of Contract, and Specifications may be examined at the Office of the Construction Administrator at the above address. Anyone submitting a bid for this project must have in their possession a copy of **THE GREATER NEW HAVEN WATER POLLUTION CONTROL AUTHORITY STANDARD SPECIFICATIONS** dated **September 2017**. The

document can be obtained upon payment of One Hundred Dollars (\$100.00). The plans and a "bid package" containing the Invitation; Proposal; Plans; Special Specifications and Notes can be obtained upon payment of a non-refundable fee of Fifty Dollars (\$50.00).

There will be a non-mandatory **pre-bid meeting** on **Thursday, June 8, 2023 at 10:00 AM** to be hosted by the Greater New Haven Water Pollution Control Authority – Operations Department. All registered Bidders will receive an email in advance with additional pre-bid meeting instructions.

A certified check or bid bond in the amount of **fifteen percent (15%)** of the total bid amount must accompany the bid. Said checks or bid bonds will be returned to the unsuccessful bidders upon Award of the Contract to the selected firm and execution of the Agreement. If any bid is not accompanied by a bid bond or check at the specified time for the bid opening, the incomplete bid will not be read, and this action will constitute automatic rejection of the bid.

The successful bidder will be required to furnish a performance bond and a labor and materials payment bond in the form as attached to the bid Documents for the amount of the total bid. A certified check cannot be substituted for either bond. The Greater New Haven Water Pollution Control Authority reserves the right to alter quantities and to accept or reject any or all bids or any portion of any bids, for any or no reason, including unavailability of appropriated funds as it may deem to be in its best interests.

All bidders are to note that the award of this Contract is subject to the following conditions and contingencies:

1. The approval of such governmental agencies as may be required by law.
2. The appropriation of adequate funds by the proper agencies.

Gabriel Varca
Director of Finance and Administration

1. Location of GNHWPCA Offices

The Greater New Haven Water Pollution Control Authority (GNHWPCA) Administration Building is located at 260 East Street, New Haven, Connecticut 06511. All references in the Standard specifications to the Office of the Director of Finance and Administration shall refer to the address above.

2. Liquidated Damages

For each calendar day that any work remains uncompleted after the date specified for the completion of the work provided in the Contract, the amount of FIVE HUNDRED DOLLARS (\$ 500.00) per calendar day will be deducted from any money due the Contractor, not as a penalty but as liquidated damages; provided, however, that due account shall be taken of any adjustment of the contract time of completion of the work as provided for elsewhere in the specifications.

3. Project Background

Contractor shall become familiar with all sections of the **GREATER NEW HAVEN WATER POLLUTION CONTROL AUTHORITY STANDARD SPECIFICATIONS dated September 2017** – General Provisions, and Technical Specifications. The Standard Specifications are hereby made a part of the Contract Documents. Any other Item of work not covered under the Technical Specifications, its design or installation shall conform to the State of Connecticut Department of Transportation Standard Specifications for Roads, Bridges, Facilities and Incidental Construction, Form 817, as amended.

GNHWPCA manages, operates and maintains the wastewater treatment plant and collection system (over 500 miles of pipes) that serve the Authority's service area, which includes the City of New Haven, and the Towns of East Haven, Hamden and Woodbridge, Connecticut.

As part of the CMOM program, the Authority will assess the condition of sewers within its service area on a rotation basis while developing a priority list of sewer main segments to be cleaned by the Contractor. In general, the Authority anticipates the cleaning work for the large diameter sewers to proceed on a sewer-shed basis starting with the upstream sewer sheds and working down. Smaller diameter mains are also included in the contract for cleaning and inspection on an as needed basis throughout the system. **Appendix C** and **Appendix D** contain summary tables and maps that list pipe sizes and lengths of pipe segments of priority sewer mains included in this project.

4. Scope of Work

The work required by the project consists of:

- 1) Providing cleaning services and closed-circuit television (CCTV) inspection on all **sewer pipes** included in the itemized proposal as prioritized by the GNHWPCA CMOM program.
- 2) Cleaning of the 5-million-gallon Truman Storage Tank.

Cleaning services include, but are not necessarily limited to, performing the following tasks: collection, removal, transportation and legal disposal of debris; sewer flow control; sewer pipeline cleaning, including the removal of intruding roots, the removal of intruding service connections, the removal of hardened debris and the removal of hardened grease; sewer manhole cleaning; closed circuit television (CCTV) inspection of designated sewer lines; traffic control; and documentation of activities.

All debris collected and/or loosened during cleaning operations shall be completely removed from the pipes and manholes and transported by the Contractor to the East Shore Water Pollution Abatement Facility (345 East Shore Parkway, New Haven) for disposal. The Contractor is responsible for coordinating with the Authority's hauling contractor for availability of dumpsters at the disposal site. The Authority will be responsible for the final disposal of the delivered debris.

The Contractor shall perform all work as necessary in accordance with this document and the GNHWPCA Standard Specifications.

5. Contract Extensions

Contract time is 365 calendar days starting July 1st, 2023. The initial term of the contract is for one year with four (4) one-year extension options. Each extension option will be applied at the Authority's sole discretion. For FY 2023, the Authority's initial budget for large diameter sewer cleaning and CCTV (not including the Truman Tank) has been established at \$500,000.

6. Contract Cost Escalation

Bid prices shall be fixed for the initial term and the first-year extension option. Beginning on July 1, 2025, the bid prices for each additional one-year extension option may be escalated annually at the lesser of the change in the Consumer Price Index for all Urban Consumers (CPI-U: US city average) published by the US Bureau of Labor Statistics over the previous 12 months or 3 percent.

7. Notice to Contractors

The Contractor/Bidder shall review all information provided by the Authority regarding the project, all existing site conditions and other related conditions.

Section 107-01 of the Standard Specifications: The Contractor shall observe all federal, state and local laws, ordinances, policies, practices and regulations. In addition, the Contractor agrees to promptly procure all necessary approvals, licenses and permits, pay all charges and fees, and give all notices necessary and incident to the due and lawful prosecution of the Work.

The Contractor will be required to cooperate with all other contractors and the owners of the various utilities in and around the Site(s) and to coordinate and arrange the sequence of their work to conform with the progressive operations of such other work. Cooperation and adjustments with the Contractors already engaged and to be engaged upon the Site(s) is essential to properly coordinate the construction efforts of all Contractors, Utility Owners, and Subcontractors performing work within and adjacent to the all work locations of this Project.

The Contractor shall be responsible for executing a Road Obstruction Permit with CTDOT and the respective municipality before beginning cleaning/inspection activities. Copies of the executed permit(s) shall be forwarded to the GNHWPCA. The Contractor shall provide all necessary traffic control and police protection.

8. Buried Manholes

Should the Contractor find buried access manholes in the areas of proposed cleaning, it is the Contractor's responsibility to inform the Authority in writing, at least ten (10) calendar days in advance of cleaning operations, of the location and manhole ID of the buried manhole(s). The Authority will complete any/all manhole-raising through the Authority's manhole raising program.

9. Water Use

It shall be the responsibility of the Contractor to contact South Central Connecticut Regional Water Authority (RWA) to determine and comply with all permit conditions and requirements. GNHWPCA, Local Fire Departments and RWA will require bi-weekly pre-cleaning meetings with the Contractor to designate all available fire hydrants for sewer cleaning use based on the Contractor's schedule. Contractor shall assume that there are fire hydrant(s) available within two (2) miles from the location of the cleaning operations. A \$10,000.00 fine (deduct item) will be assessed to the Contractor for the use of fire hydrants not approved in the bi-weekly pre-cleaning meeting with RWA, Local Fire Departments, and GNHWPCA.

All water cost and water related permits/fees are a pass-through cost without markup or any additional fees. Payments for water use and water

related permits/fees shall be made by the Contractor and reimbursed by the Authority.

New Haven - Water from hydrants in New Haven is available through RWA from April 1 through October 31. Any equipment which is intended to store or transport water must be first inspected by the Cross Connections Department of the RWA. Once the equipment inspection has passed, a Field Inspection Report will be issued. A hydrant permit must then be obtained from the New Haven Fire Department. Once the hydrant permit is obtained, Contractor should bring a copy of the Field Inspection Report and the Hydrant Permit to RWA Distribution and Construction Department at 90 Sargent Drive, New Haven, to obtain a hydrant meter and backflow preventer from RWA. RWA requires a deposit of \$1,000, cash or check only. The meter is read upon its return to RWA at the completion of the project. The usage is deducted from the deposit, and a check will be mailed for any refund due. If the usage is greater than the deposit, a bill will be sent for the balance due. Water from hydrants is not available from November 1 to March 31.

Hamden, East Haven & Woodbridge - Water from hydrants is available through RWA from April 1 through October 31. Any equipment which is intended to store or transport water must be first inspected by the Cross Connections Department of the RWA. Once the equipment inspection has passed, a Field Inspection Report will be issued. Contractor should bring a copy of the Field Inspection Report to RWA Distribution and Construction Department at 90 Sargent Drive, New Haven, to obtain a hydrant meter and backflow preventer from RWA. RWA requires a deposit of \$1,000, cash or check only. The meter is read upon its return to RWA at the completion of the project. The usage is deducted from the deposit, and a check will be mailed for any refund due. If the usage is greater than the deposit, a bill will be sent for the balance due. Water from hydrants is not available from November 1 to March 31. Permits from the local Fire Department are not required; however, the Contractor shall notify the Fire Department daily the location of the approved hydrants being used for sewer cleaning purposes.

Water is also available through the RWA from bulk water fill stations located at:

58 East industrial Road, Branford
Leonardo Drive (Lot 10), North Haven
Crestway Drive, Hamden (Open all year round)
Panagrossi Circle, East Haven
McCausland Court, Cheshire

Water at the bulk fill stations is available from April 1 through October 31. The bulk water fill stations are open 7 days a week, 24 hours a day. Keys to operate the station are available for \$100 deposit. Multiple keys may be obtained, but a deposit of \$100 is required for each key. All usage information is recorded on the

key and downloaded once a month. The usage is deducted from the key deposit. Upon depletion of the deposit, a bill will be sent for the balance due.

10. Truman Tank

The Authority operates a 5-million-gallon CSO storage tank located beneath the parking lot at Truman School, New Haven, CT. The Tank fills during wet weather events when the flow in the Boulevard Sewer Interceptor exceeds its capacity and the level in the Sewer overflows a weir allowing water into the tank. The tank contents are pumped back to the Boulevard Interceptor via a sump pump located in the tank when the levels return to normal.

Sediment remaining in the tank is washed into the sump via a flush system which uses potable water to fill 1000-gallon tipping buckets which empty once they reach a fill point. The resulting wash of water carries the settled material into the sump. Although the flush system may remove some material. The flush system is not effective removing the heavier grit from the tank which must be removed periodically by performing man entry and vacuuming the debris from the tank.

To minimize disruption to Truman School cleaning activities are scheduled during Summer Recess (July, August). In order prevent the tank from filling during a rain event while cleaning, the tank will be placed out of service and isolated from the Interceptor by the Authority's Maintenance Company with verification by the Contractor.

The Bid shall include confined space entry and up to 10 full (8 hr. min.) days of cleaning (One Crew) with removal and transfer of the removed material to the East Shore Wastewater Abatement Facility. Multiple trips per day may be required. It is anticipated that at least 10 yards are removed per day.

A Crew is anticipated to include a minimum of a Vacuum truck, Vac truck Operator, two technicians, and all required hoses, tools, equipment and confined space gear. Potable water (1 1/2" Hose connection) and power (110V) are available at the site for the Contractor's use. Drawings of the Tank are provided in **Appendix E**.

11. Modification of General Provisions, Section §103-04 Bonds

Replace Item C. Amount of Bonds, with the following:

C. AMOUNT OF BONDS. The amounts of the Faithful Performance Bond and Labor and Material Payment Bond shall each be five hundred thousand dollars (\$500,000.00); the Faithful Performance Bond and Labor and Material Payment Bond shall be renewed every year.

12. Modification of Technical Specifications, Item 518 – Sanitary Sewer Cleaning

DESCRIPTION

Replace the entire Section with the following:

The objective of the Sanitary Sewer Cleaning work is to (1) remove foreign materials from sewer lines to restore capacity of the lines to a minimum of 99% of design hydraulic capacity, (2) remove foreign materials from sewer lines to allow for complete inspection using CCTV methods if required by the Authority, and (3) remove 99% of the foreign material from manholes.

Sanitary Sewer Cleaning shall consist of removing and disposing of sediment, rocks, bricks, debris, roots, grease accumulations, protruding taps, foreign materials, and other obstructions from sanitary sewer pipes and manholes. In addition, cleaning of sewer and manhole walls in the vicinity of pipe and/or manhole lining operations shall remove grease, scale, encrustation and loose mortar so that no foreign intrusion shall cause imperfections in lining materials (e.g. bumps, folds, dimples).

Sanitary Sewer Hydraulic Cleaning (Light) of small and medium diameter sewers (pipe diameter equal to or less than 24"): Light cleaning shall mean up to 3 passes of washing with high pressure water. Removal of roots and grease is included under this item.

Sanitary Sewer Hydraulic Cleaning (Heavy) of small and medium diameter sewers (pipe diameter equal to or less than 24"): Heavy cleaning shall mean more than 3 passes of washing with high pressure water unless alternate means are approved, in writing, by the Authority. Removal of roots and grease is included under this item.

Sanitary Sewer Bucket Cleaning shall mean the mechanical removal of obstructions using bucket-type equipment followed by Sanitary Sewer Hydraulic Cleaning.

MATERIALS AND EQUIPMENT

Replace the entire Section with the following:

Only hydraulic and/or mechanical equipment shall be used by Contractor to accomplish cleaning activities. Accuracy of equipment and operating method for cleaning shall be judged by the results obtained. When hydraulic or high velocity cleaning equipment is used, a suitable sand trap, weir, or dam shall be constructed in the downstream manhole in such a manner that all solids and debris are trapped and removed thereby preventing such material from passing

into the next sewer segment reach. The following are general equipment and performance requirements:

1. Hydraulically Propelled Equipment

The equipment used shall be of a movable dam type and be constructed in such a way that a portion of the dam may be collapsed at any time during the cleaning operation to protect against flooding of the sewer, damage to the sewer, and/or damage to public or private property. The moveable dam shall be equal in diameter to the pipe being cleaned and shall provide a flexible scraper around the outer periphery to insure removal of grease. Sewer cleaning balls or other equipment, which cannot be collapsed, shall not be permitted for use. Special precautions to prevent flooding of the sewers and public or private property shall be taken at all times.

2. High-Velocity Jet (Hydro-Cleaning) Equipment

All high-velocity sewer cleaning equipment shall be constructed for ease and safety of operation. The equipment shall have a selection of two or more high-velocity nozzles. The nozzles shall be capable of producing a scouring action from 15 to 45 degrees in all sizes of line designated to be cleaned. Equipment shall also include a high-velocity gun for washing and scouring manhole walls and floor. The gun shall be capable of producing flows from a fine spray to a solid stream. The equipment shall carry its own water tank, auxiliary engines, pumps, and hydraulically driven hose reel.

3. Mechanically Powered Equipment

Bucket machines shall be in pairs with sufficient power to perform the work in an efficient manner. Machines shall be belt operated or have an overload device. Machines with direct drive that could cause damage to the pipe will not be used. A Power rodding machine shall be either a sectional or continuous rod type capable of holding a minimum of 750 feet of rod. The rod shall be specifically heat-treated steel. To insure safe operation, the machine shall be fully enclosed and have an automatic safety clutch or relief valve.

Buckets, scrapers, scooters, porcupines, brushes and other mechanical equipment may also be utilized. All equipment and devices shall be operated by experienced personnel so that sewer lines are not damaged in the process of cleaning.

4. Root Removal

Roots shall be removed in those sections where root intrusion is a problem. Special attention shall be used during the cleaning operation to assure as complete a removal of roots from the joints. Procedures may include the use of mechanical equipment such as rodding machines, winches using root cutters and

porcupines, and equipment such as high-velocity jet cleaners. No chemical removal methods may be used.

5. Protruding Lateral Connections

Contractor shall remove protruding lateral connections via the use of internal cutting devices which are capable of providing a smooth lateral cut at its internal connection to the sewer.

6. Combination Hydraulic High Volume Water and Solids Separation System

In large diameter sewers (nominal pipe diameters between 24 and 90 inches) the Contractor may use a combination hydraulic high-volume water and solids separation system. Water volume of up to 250 gpm at 2000 psi+ will move solids to the downstream manhole in high flow conditions. The separation system will dewater solids to 95 percent (passing a paint filter test) and transfer them to a dump truck for transport to the East Shore Water Pollution Abatement Facility or as specified by the Authority. Sewer water will be filtered to a point where it can be used in the pump for continuous cleaning. No by-passing of sewer flows will be necessary. The unit shall be capable of 24-hour operation and the unit shall not leave the manhole until a section is fully cleaned.

Liquid decanted or separated from the solids shall be returned to the sewer and shall not contain solids having greater than a 125 micron size.

CONSTRUCTION DETAILS

A. SUBMITTALS

Add the following paragraph:

Daily Sewer Cleaning Logs shall be maintained to record the location of the manholes and sewer lines cleaned, lengths of the lines cleaned, method of cleaning, line sizes and volume and type of debris moved. **Appendix F** includes a copy of the required Daily Sewer Cleaning Log to be submitted by the Contractor monthly.

D. ACCEPTANCE BY THE AUTHORITY

Replace subsections 1, 2, 3, and 4 with the following:

(1) remove foreign materials from sewer lines to restore capacity of the lines to a minimum of 99% of design hydraulic capacity, (2) remove foreign materials from sewer lines to allow for complete inspection using CCTV methods if required by the Authority, and (3) remove 99% of the foreign material from manholes.

MEASUREMENT & PAYMENT

Replace entire Section with the following:

This work will be measured for payment by the actual number of linear feet of the size of sanitary sewer cleaned, measured along the centerline of the sanitary sewer from the center of the manhole to the center of the manhole.

Sanitary Sewer Hydraulic Cleaning (Light) of small and medium diameter sewers (pipe diameter less than 24”)

This work shall be paid for at the contract unit price per linear foot of Sanitary Sewer Hydraulic Cleaning (Light) (Size), actually completed, which price shall include all materials, labor, tools, and equipment incidental and necessary for the cleaning of the sanitary sewers and manholes including the collection and transportation of all solids removed in the cleaning process to the disposal area at the East Shore Water Pollution Control Facility.

Sanitary Sewer Hydraulic Cleaning (Heavy) of small and medium diameter sewers (pipe diameter less than 24”)

This work shall be paid for at the contract unit price per linear foot of “Sanitary Sewer Hydraulic Cleaning (Heavy) (Size), actually completed, which price shall include all materials, labor, tools, and equipment incidental and necessary for the cleaning of the sanitary sewers and manholes including the collection and transportation of all solids removed in the cleaning process to the disposal area at the East Shore Water Pollution Abatement Facility.

Sanitary Sewer Hydraulic Cleaning (Light/Heavy) of large diameter sewers (nominal pipe diameters between 24” and 84”)

This work shall be paid for at the contract unit price per linear foot of Sanitary Sewer Hydraulic Cleaning (Light/Heavy) (Size), actually completed, which price shall include all materials, labor, tools, and equipment incidental and necessary for the cleaning of the sanitary sewers and manholes including the collection and transportation of all solids removed in the cleaning process to the disposal area at the East Shore Water Pollution Abatement Facility.

Cut Protruding Taps

This work will be measured for payment by the actual number of protruding taps cut by the Contractor at the unit price bid for each.

This work will be paid for at the contract unit price per each of “Cut Protruding Taps,” completed, which price shall include all materials, labor, tools, and equipment incidental and necessary to cut protruding taps.

The cost for work performed in sanitary sewers in which cleaning had to be terminated because of blockages or obstructions will be paid for at the contract unit price per linear foot for the actual portion of the sanitary sewer cleaned and accepted.

There will be no measurement for payment for the cost of cleaning manholes, but the cost thereof shall be included in the contract unit price per linear foot for the size of Sanitary Sewer Hydraulic Cleaning.

Truman Tank Cleaning

This work shall be paid for at the contract unit price per day of "Truman Tank Cleaning (per day)" actually completed, which price shall include all materials, labor, tools, and equipment incidental and necessary for the cleaning of the tank including the collection and transportation of all solids removed in the cleaning process to the disposal area at the East Shore Water Pollution Abatement Facility.

11. Modification of Technical Specifications Item 175 - Mobilization

PAYMENT

Add the following paragraph:

If no Item "Mobilization" appears in the Bid Schedule, the cost of Mobilization shall be included in the prices bid for other Items.

§ 102-20

ITEMIZED PROPOSAL

For Constructing

PROJECT: 2023 COLLECTION SYSTEM CLEANING & CCTV INSPECTION

GNHWPCA PROJECT NO. SSR 2023-03

The work proposed herein must be completed in accordance with the terms of the contract.

Greater New Haven
Water Pollution Control Authority
260 East Street
New Haven, Connecticut 06511

To Whom It May Concern,

In submitting this bid the duly authorized undersigned declares that the entity on behalf of which this bid is made is, or they are, the only person or persons interested in the said bid; that the bid is made without any connection with any person making another bid for the same contract; that the bid is in all respects fair and without collusion, fraud or mental reservation; and that no official of the Greater New Haven Water Pollution Control Authority, or any person in the employ of the Authority is directly or indirectly interested in said bid or in the supplies or work to which it relates, or in any portion of the profits thereof.

The undersigned also hereby declares that they have, either for themselves or on behalf of the entity they represent, carefully examined the Plans, specifications, and form of Contract for this Project, have personally inspected the actual location of the Work and have considered potential local sources of supply, and are satisfied as to all the quantities and conditions, and understands that in signing this Proposal they or the entity that they represent waives all rights to plead any misunderstanding regarding the same.

The undersigned further understands and agrees that they are to furnish and provide for the respective item price bid all the necessary material, machinery, implements, tools, labor, services, and other items of whatever nature, and to do and perform all the Work necessary under the aforesaid conditions, to complete the improvements of the Project, which Plans and specifications it is agreed are a part of this Proposal, and to accept in full compensation therefore the amount of the summation of the products of the approximate quantities multiplied by the unit prices bid. This summation will hereinafter be referred to as the gross sum bid.

The undersigned further agrees to accept the aforesaid unit bid prices in compensation for any additions or deductions caused by any variation in quantities due to more

accurate measurement, or by any changes or alterations in the Plans or specifications of the Work and for use in the computation of the value of the Work performed for monthly estimates.

Every Proposal must be accompanied by a certified check or bank cashier's check or bid bond payable to the Greater New Haven Water Pollution Control Authority in the amount of fifteen percent (15%) of the bid.

Accompanying this Proposal is a certified check or bank cashier's check or bid bond payable to the Greater New Haven Water Pollution Control Authority in the amount of \$_____. In case this Proposal shall be accepted by the Authority, and the undersigned shall fail to execute the Contract, the monies represented by such certified check or bank cashier's check or bid bond shall be regarded as liquidated damages and shall be forfeited and become the property of the Authority. The undersigned understands and accepts:

- A. When Work is required in which no specific payment item is listed on the Proposal Form, the cost of such Work shall be included in the unit prices bid.
- B. All unit prices, lump sums, etc. listed in the bid Proposal are firm and not subject to change for ninety (90) days from the day bids are opened.
- C. Within ten (10) days from the date of a notice of acceptance of this Proposal, the undersigned agrees to execute the Contract and to furnish to the Authority a satisfactory "Faithful Performance Bond" and "Labor and Material Payment Bond" in the amount of one hundred percent (100%) of the Contract price.
- D. Time is of the Essence. All Work to be performed under the Contract shall be completed within the time stated in the Agreement for the Project or within such extended time for completion as may be granted by the Authority.
- E. As a condition of the Contract Award, the successful Bidder shall provide proof, from the Connecticut Secretary of State's office, of its current authorization to do business in Connecticut. All Connecticut corporations must provide a Certificate of Good Standing from the Secretary of State's Office. All foreign (out of State) corporations shall provide a valid license to do business in Connecticut, in the form of a current Certificate of Authority from the Secretary of State's office and evidence of compliance with the bond requirements of the Connecticut Department of Revenue Services. These documents must be presented within thirty (30) days from the date of the bid opening.

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal, and _____, as Surety, located at _____ (Business Address), a surety insurer chartered and existing under the laws of the State of _____ and authorized to do business in the State of Connecticut, are held and firmly bound unto the Greater New Haven Water Pollution Control Authority, as Obligee, in the sum of _____ (\$_____) for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the _____ day of _____, 20__ with Obligee for

in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to as the Contract

NOW, THEREFORE, THE CONDITION OF THIS BOND is that of Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and
2. Pays Obligee any and all losses, damages, expenses, costs, direct or indirect, and attorney's fees, including costs of any mediation, arbitration, litigation or appellate proceedings, that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee;

then this Bond is void; otherwise it remains in full force and effect and Surety shall be fully liable for performance of the Principal's obligations provided thereunder.

In the event of a declaration of default of Principal by Obligee under the Contract, the Surety shall, within twenty (20) days of receipt of notice of such default, either: (1) tender the Obligee the full amount of the penal sum of this Bond; or (2) undertake to perform or complete the remaining Contract obligations itself through its agents or through independent contractors.

If Surety denies liability, in whole or in part, it shall notify the Obligee, in writing, citing the detailed reasons therefor, within fifteen (15) days of receipt of the aforesaid declaration of default of Principal.

NOT FOR BIDDING PURPOSES
REFERENCE COPY ONLY

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, or additions to the terms of the Contract, or other work to be performed hereunder, or the specifications referred to therein shall in anyway affect its obligations under this Bond, and it does hereby waive notice of any such changes, extensions of time, alterations, or additions to the terms of the Contract, to the work thereunder or to the specifications.

In no event will the Surety be liable in the aggregate to Obligee for more than the penal sum of this Performance Bond, regardless of the number of suits that may be filed by Obligee.

Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the State of Connecticut and shall be instituted within the applicable statute of limitations for contract actions after Principal defaults.

IN WITNESS WHEREOF, the above parties have executed this instrument this ____ day of _____, 20__, the name of each party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

BOND NO. _____

PAYMENT BOND (incorporating C.G.S. § 49-41)

KNOW ALL MEN BY THESE PRESENTS: That by this Bond, we, _____ (hereinafter called the "Principal") and _____ (hereinafter called the "Surety"), located at _____, a surety insurer chartered and existing under the laws of the State of _____ and authorized to do business in the State of Connecticut, are held and firmly bound unto the Greater New Haven Water Pollution Control Authority (hereinafter called "Owner") in the sum of _____ (\$_____) for the payment whereof we bind ourselves, our heirs, personal representatives, executors, successors and assigns, jointly and severally.

WHEREAS, Principal and the Owner have reached a mutual agreement (hereinafter referred to as the "Contract") for the purpose of _____, said Contract being made a part of this Bond by this reference.

NOW, THEREFORE, THE CONDITION OF THIS BOND is that if the Principal:

1. Promptly makes payments to all claimants supplying the Principal with labor, materials or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and
2. Pays the Owner for all losses, damages, expenses, costs, and attorneys' fees, including the costs of any mediation, arbitration, litigation or appellate proceedings, that the Owner sustains because of a default by the Principal under paragraph 1 of this Bond, then this Bond is void; otherwise this Bond remains in full force and effect.

BE IT FURTHER KNOWN:

Any changes in or under the Contract and compliance or noncompliance with formalities connected with the Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Owner of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Owner or Principal to the other, shall not affect the obligation of the Principal and the Surety, or either of them, their heirs, personal representatives, successors or assigns under this Bond, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

This Bond is issued in accordance with and expressly incorporates herein the requirements of Conn. Gen. Stat. § 49-41.

IN WITNESS WHEREOF, the above parties have executed this instrument this ____ day of _____, 20__, the name of each party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

Opportunity * Guidance * Support

THIS IS A PUBLIC WORKS PROJECT

Covered by the

PREVAILING WAGE LAW

CT General Statutes Section 31-53

**If you have QUESTIONS regarding your wages
CALL (860) 263-6790**

Section 31-55 of the CT State Statutes requires every contractor or subcontractor performing work for the state to post in a prominent place the prevailing wages as determined by the Labor Commissioner.

Minimum Rates and Classifications for Heavy/Highway Construction

ID#: 23-48355

**Connecticut Department of Labor
Wage and Workplace Standards**

By virtue of the authority vested in the Labor Commissioner under provisions of Section 31-53 of the General Statutes of Connecticut, as amended, the following are declared to be the prevailing rates and welfare payments and will apply only where the contract is advertised for bid within 20 days of the date on which the rates are established. Any contractor or subcontractor not obligated by agreement to pay to the welfare and pension fund shall pay this amount to each employee as part of his/her hourly wages.

Crane with 250 ft. boom (including jib) - \$5.00 extra

Crane with 300 ft. boom (including jib) - \$7.00 extra

Crane with 400 ft. boom (including jib) - \$10.00 extra

All classifications that indicate a percentage of the fringe benefits must be calculated at the percentage rate times the "base hourly rate".

Apprentices duly registered under the Commissioner of Labor's Regulations on "Work Training Standards for Apprenticeship and Training Programs" Section 31-51-d-1 to 12 are allowed to be paid the appropriate percentage of the prevailing journeymen hourly base and the full fringe benefit rate, providing the work site ratio shall not be less than one full-time journeyman instructing and supervising the work of each apprentice in a specific trade.

--Connecticut General Statute Section 31-59a: Annual Adjustments to wage rates by contractors doing state work
--

The Prevailing wage rates applicable to this project are subject to annual adjustments each July 1st for the duration of the project.

Each contractor shall pay the annual adjusted prevailing wage rate that is in effect each July 1st, as posted by the Department of Labor.

It is the contractor's responsibility to obtain the annual adjusted prevailing wage rate increases directly from the Department of Labor's website.

The annual adjustments will be posted on the Department of Labor's Web page:

www.ct.gov/dol. For those without internet access, please contact the division listed below.

The Department of Labor will continue to issue the initial prevailing wage rate schedule to the Contracting Agency for the project.

All subsequent annual adjustments will be posted on our Web Site for contractor access.

Contracting Agencies are under no obligation pursuant to State labor law to pay any increase due to the annual adjustment provision.

Effective October 1, 2005 - Public Act 05-50: any person performing the work of any mechanic, laborer, or worker shall be paid prevailing wage

All Person who perform work ON SITE must be paid prevailing wage for the appropriate mechanic, laborer, or worker classification.

All certified payrolls must list the hours worked and wages paid to All Persons who perform work ON SITE regardless of their ownership i.e.: (Owners, Corporate Officers, LLC Members, Independent Contractors, et. al)

Reporting and payment of wages is required regardless of any contractual relationship alleged to exist between the contractor and such person.

~~Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clause (29 CFR 5.5 (a) (1) (ii)).

Please direct any questions which you may have pertaining to classification of work and payment of prevailing wages to the Wage and Workplace Standards Division, telephone (860)263-6790.

Minimum Rates and Classifications for Heavy/Highway Construction

**Connecticut Department of Labor
Wage and Workplace Standards**

ID#: 23-48356

By virtue of the authority vested in the Labor Commissioner under provisions of Section 31-53 of the General Statutes of Connecticut, as amended, the following are declared to be the prevailing rates and welfare payments and will apply only where the contract is advertised for bid within 20 days of the date on which the rates are established. Any contractor or subcontractor not obligated by agreement to pay to the welfare and pension fund shall pay this amount to each employee as part of his/her hourly wages.

**Note: Hazardous waste removal work receives additional \$1.25 per hour for truck drivers.*

***Note: Hazardous waste premium \$3.00 per hour over classified rate*

Crane with 150 ft. boom (including jib) - \$1.50 extra

Crane with 200 ft. boom (including jib) - \$2.50 extra

Crane with 250 ft. boom (including jib) - \$5.00 extra

Crane with 300 ft. boom (including jib) - \$7.00 extra

Crane with 400 ft. boom (including jib) - \$10.00 extra

All classifications that indicate a percentage of the fringe benefits must be calculated at the percentage rate times the "base hourly rate".

Apprentices duly registered under the Commissioner of Labor's Regulations on "Work Training Standards for Apprenticeship and Training Programs" Section 31-51-d-1 to 12 are allowed to be paid the appropriate percentage of the prevailing journeymen hourly base and the full fringe benefit rate, providing the work site ratio shall not be less than one full-time journeyman instructing and supervising the work of each apprentice in a specific trade.

--Connecticut General Statute Section 31-59a: Annual Adjustments to wage rates by contractors doing state work
--

The Prevailing wage rates applicable to this project are subject to annual adjustments each July 1st for the duration of the project.

Each contractor shall pay the annual adjusted prevailing wage rate that is in effect each July 1st, as posted by the Department of Labor.

It is the contractor's responsibility to obtain the annual adjusted prevailing wage rate increases directly from the Department of Labor's website.

The annual adjustments will be posted on the Department of Labor's Web page:

www.ct.gov/dol. For those without internet access, please contact the division listed below.

The Department of Labor will continue to issue the initial prevailing wage rate schedule to the Contracting Agency for the project.

All subsequent annual adjustments will be posted on our Web Site for contractor access.

Contracting Agencies are under no obligation pursuant to State labor law to pay any increase due to the annual adjustment provision.

Effective October 1, 2005 - Public Act 05-50: any person performing the work of any mechanic, laborer, or worker shall be paid prevailing wage

All Person who perform work ON SITE must be paid prevailing wage for the appropriate mechanic, laborer, or worker classification.

All certified payrolls must list the hours worked and wages paid to All Persons who perform work ON SITE regardless of their ownership i.e.: (Owners, Corporate Officers, LLC Members, Independent Contractors, et. al)

Reporting and payment of wages is required regardless of any contractual relationship alleged to exist between the contractor and such person.

~~Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clause (29 CFR 5.5 (a) (1) (ii)).

Please direct any questions which you may have pertaining to classification of work and payment of prevailing wages to the Wage and Workplace Standards Division, telephone (860)263-6790.

Sec. 31-53b. Construction safety and health course. New miner training program. Proof of completion required for mechanics, laborers and workers on public works projects. Enforcement. Regulations. Exceptions. (a) Each contract for a public works project entered into on or after July 1, 2009, by the state or any of its agents, or by any political subdivision of the state or any of its agents, described in subsection (g) of section 31-53, shall contain a provision requiring that each contractor furnish proof with the weekly certified payroll form for the first week each employee begins work on such project that any person performing the work of a mechanic, laborer or worker pursuant to the classifications of labor under section 31-53 on such public works project, pursuant to such contract, has completed a course of at least ten hours in duration in construction safety and health approved by the federal Occupational Safety and Health Administration or, has completed a new miner training program approved by the Federal Mine Safety and Health Administration in accordance with 30 CFR 48 or, in the case of telecommunications employees, has completed at least ten hours of training in accordance with 29 CFR 1910.268.

(b) Any person required to complete a course or program under subsection (a) of this section who has not completed the course or program shall be subject to removal from the worksite if the person does not provide documentation of having completed such course or program by the fifteenth day after the date the person is found to be in noncompliance. The Labor Commissioner or said commissioner's designee shall enforce this section.

(c) Not later than January 1, 2009, the Labor Commissioner shall adopt regulations, in accordance with the provisions of Chapter 64, to implement the provisions of subsections (a) and (b) of this section. Such regulations shall require that the ten-hour construction safety and health courses required under subsection (a) of this section be conducted in accordance with federal Occupational Safety and Health Administration Training Institute standards, or in accordance with Federal Mine Safety and Health Administration Standards or in accordance with 29 CFR 1910.268, as appropriate. The Labor Commissioner shall accept as sufficient proof of compliance with the provisions of subsection (a) or (b) of this section a student course completion card issued by the federal Occupational Safety and Health Administration Training Institute, or such other proof of compliance said commissioner deems appropriate, dated no earlier than five years before the commencement date of such public works project.

(d) This section shall not apply to employees of public service companies, as defined in section 16-1, or drivers of commercial motor vehicles driving the vehicle on the public works project and delivering or picking up cargo from public works projects provided they perform no labor relating to the project other than the loading and unloading of their cargo.

(P.A. 06-175, S. 1; P.A. 08-83, S. 1.)

History: P.A. 08-83 amended Subsec. (a) by making provisions applicable to public works project contracts entered into on or after July 1, 2009, replacing provision re total cost of work with reference to Sec. 31-53(g), requiring proof in certified payroll form that new mechanic, laborer or worker has completed a 10-hour or more construction safety course and adding provision re new miner training program, amended Subsec. (b) by substituting "person" for "employee" and adding "or program", amended Subsec. (c) by adding "or in accordance with Federal Mine Safety and Health Administration Standards" and setting new deadline of January 1, 2009, deleted former Subsec. (d) re "public building", added new Subsec. (d) re exemptions for public service company employees and delivery drivers who perform no labor other than delivery and made conforming and technical changes, effective January 1, 2009.

Informational Bulletin

THE 10-HOUR OSHA CONSTRUCTION SAFETY AND HEALTH COURSE

(applicable to public building contracts entered into *on or after July 1, 2007*, where the total cost of all work to be performed is at least \$100,000)

- (1) This requirement was created by Public Act No. 06-175, which is codified in Section 31-53b of the Connecticut General Statutes (pertaining to the prevailing wage statutes);
- (2) The course is required for public building construction contracts (projects funded in whole or in part by the state or any political subdivision of the state) entered into on or after July 1, 2007;
- (3) It is required of private employees (not state or municipal employees) and apprentices who perform manual labor for a general contractor or subcontractor on a public building project where the total cost of all work to be performed is at least \$100,000;
- (4) The ten-hour construction course pertains to the ten-hour Outreach Course conducted in accordance with federal OSHA Training Institute standards, and, for telecommunications workers, a ten-hour training course conducted in accordance with federal OSHA standard, 29 CFR 1910.268;
- (5) The internet website for the federal OSHA Training Institute is http://www.osha.gov/iso/ot/training/edcenters/fact_sheet.html;
- (6) The statutory language leaves it to the contractor and its employees to determine who pays for the cost of the ten-hour Outreach Course;
- (7) Within 30 days of receiving a contract award, a general contractor must furnish proof to the Labor Commissioner that all employees and apprentices performing manual labor on the project will have completed such a course;
- (8) Proof of completion may be demonstrated through either: (a) the presentation of a *bona fide* student course completion card issued by the federal OSHA Training Institute; *or* (2) the presentation of documentation provided to an employee by a trainer certified by the Institute pending the actual issuance of the completion card;
- (9) Any card with an issuance date more than 5 years prior to the commencement date of the construction project shall not constitute proof of compliance;

- (10) Each employer shall affix a copy of the construction safety course completion card to the certified payroll submitted to the contracting agency in accordance with Conn. Gen. Stat. § 31-53(f) on which such employee's name first appears;
- (11) Any employee found to be in non-compliance shall be subject to removal from the worksite if such employee does not provide satisfactory proof of course completion to the Labor Commissioner by the fifteenth day after the date the employee is determined to be in noncompliance;
- (12) Any such employee who is determined to be in noncompliance may continue to work on a public building construction project for a maximum of fourteen consecutive calendar days while bringing his or her status into compliance;
- (13) The Labor Commissioner may make complaint to the prosecuting authorities regarding any employer or agent of the employer, or officer or agent of the corporation who files a false certified payroll with respect to the status of an employee who is performing manual labor on a public building construction project;
- (14) The statute provides the minimum standards required for the completion of a safety course by manual laborers on public construction contracts; any contractor can exceed these minimum requirements; and
- (15) Regulations clarifying the statute are currently in the regulatory process, and shall be posted on the CTDOL website as soon as they are adopted in final form.
- (16) Any questions regarding this statute may be directed to the Wage and Workplace Standards Division of the Connecticut Labor Department via the internet website of <http://www.ctdol.state.ct.us/wgwkstnd/wgmenu.htm>; or by telephone at (860)263-6790.

THE ABOVE INFORMATION IS PROVIDED EXCLUSIVELY AS AN EDUCATIONAL RESOURCE, AND IS NOT INTENDED AS A SUBSTITUTE FOR LEGAL INTERPRETATIONS WHICH MAY ULTIMATELY ARISE CONCERNING THE CONSTRUCTION OF THE STATUTE OR THE REGULATIONS.

November 29, 2006

Notice

To All Mason Contractors and Interested Parties Regarding Construction Pursuant to Section 31-53 of the Connecticut General Statutes (Prevailing Wage)

The Connecticut Labor Department Wage and Workplace Standards Division is empowered to enforce the prevailing wage rates on projects covered by the above referenced statute.

Over the past few years the Division has withheld enforcement of the rate in effect for workers who operate a forklift on a prevailing wage rate project due to a potential jurisdictional dispute.

The rate listed in the schedules and in our Occupational Bulletin (see enclosed) has been as follows:

Forklift Operator:

- **Laborers (Group 4) Mason Tenders** - operates forklift solely to assist a mason to a maximum height of nine feet only.
- **Power Equipment Operator (Group 9)** - operates forklift to assist any trade and to assist a mason to a height over nine feet.

The U.S. Labor Department conducted a survey of rates in Connecticut but it has not been published and the rate in effect remains as outlined in the above Occupational Bulletin.

Since this is a classification matter and not one of jurisdiction, effective January 1, 2007 the Connecticut Labor Department will enforce the rate on each schedule in accordance with our statutory authority.

Your cooperation in filing appropriate and accurate certified payrolls is appreciated.

STATUTE 31-55a

- SPECIAL NOTICE -

To: All State and Political Subdivisions, Their Agents, and Contractors

Connecticut General Statute 31-55a - Annual adjustments to wage rates by contractors doing state work.

Each contractor that is awarded a contract on or after October 1, 2002, for (1) the construction of a state highway or bridge that falls under the provisions of section 31-54 of the general statutes, or (2) the construction, remodeling, refinishing, refurbishing, rehabilitation, alteration or repair of any public works project that falls under the provisions of section 31-53 of the general statutes shall contact the Labor Commissioner on or before July first of each year, for the duration of such contract, to ascertain the prevailing rate of wages on an hourly basis and the amount of payment or contributions paid or payable on behalf of each mechanic, laborer or worker employed upon the work contracted to be done, and shall make any necessary adjustments to such prevailing rate of wages and such payment or contributions paid or payable on behalf of each such employee, effective each July first.

- The prevailing wage rates applicable to any contract or subcontract awarded on or after October 1, 2002 are subject to annual adjustments each July 1st for the duration of any project which was originally advertised for bids on or after October 1, 2002.
- Each contractor affected by the above requirement shall pay the annual adjusted prevailing wage rate that is in effect each July 1st, as posted by the Department of Labor.
- It is the **contractor's** responsibility to obtain the annual adjusted prevailing wage rate increases directly from the Department of Labor's Web Site. The annual adjustments will be posted on the Department of Labor Web page: www.ctdol.state.ct.us. For those without internet access, please contact the division listed below.
- The Department of Labor will continue to issue the initial prevailing wage rate schedule to the Contracting Agency for the project. All subsequent annual adjustments will be posted on our Web Site for contractor access.

Any questions should be directed to the Contract Compliance Unit, Wage and Workplace Standards Division, Connecticut Department of Labor, 200 Folly Brook Blvd., Wethersfield, CT 06109 at (860)263-6790.

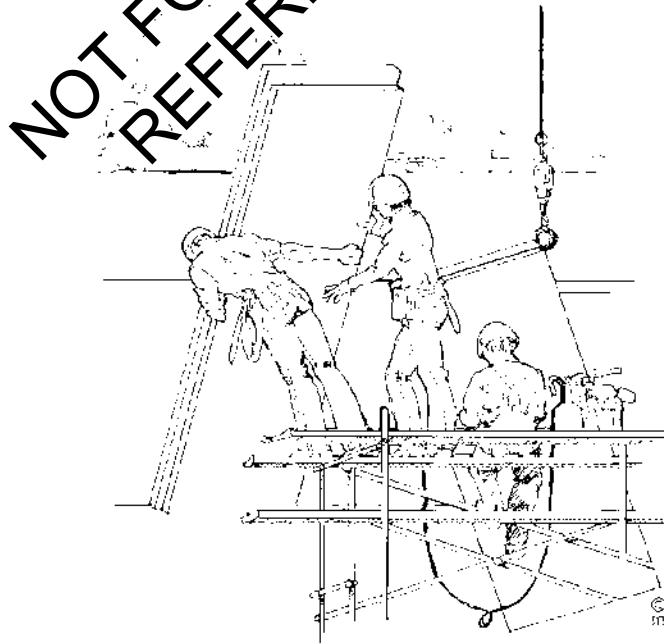

~NOTICE~

TO ALL CONTRACTING AGENCIES

Please be advised that Connecticut General Statutes Section 54-53, requires the contracting agency to certify to the Department of Labor, the total dollar amount of work to be done in connection with such public works project, regardless of whether such project consists of one or more contracts.

Please find the attached "Contracting Agency Certification Form" to be completed and returned to the Department of Labor, Wage and Workplace Standards Division, Public Contract Compliance Unit.

 Inquiries can be directed to (860)261-6543.

CERTIFIED STATEMENT OF COMPLIANCE

For the week ending date of 9/26/09,

I, Robert Craft of XYZ Corporation, (hereafter known as

Employer) in my capacity as Owner (title) do hereby certify and state:

Section A:

1. All persons employed on said project have been paid the full weekly wages earned by them during the week in accordance with Connecticut General Statutes, section 31-53, as amended. Further, I hereby certify and state the following:

- a) The records submitted are true and accurate;
- b) The rate of wages paid to each mechanic, laborer or workman and the amount of payment or contributions paid or payable on behalf of each such employee to any employee welfare fund, as defined in Connecticut General Statutes, section 31-53 (h), are not less than the prevailing rate of wages and the amount of payment or contributions paid or payable on behalf of each such employee to any employee welfare fund, as determined by the Labor Commissioner pursuant to subsection Connecticut General Statutes, section 31-53 (d), and said wages and benefits are not less than those which may also be required by contract;
- c) The Employer has complied with all of the provisions in Connecticut General Statutes, section 31-53 (and Section 31-54 if applicable for state highway construction);
- d) Each such employee of the Employer is covered by worker's compensation insurance policy for the duration of his employment which proof of coverage has been provided to the contracting agency;
- e) The Employer does not receive kickbacks which means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided directly or indirectly, to any prime contractor, prime contract employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a prime contractor in connection with a subcontractor relating to a prime contract;
- f) The Employer is aware that filing a certified payroll which he knows to be false is a class D felony for which the employer may be fined up to five thousand dollars, imprisoned for up to five years or both.

2. OSHA~The employer shall annex a copy of the construction safety course, program or training completion document to the certified payroll required to be submitted to the contracting agency for this project on which such employee's name first appears.

Robert Craft owner 10/2/09
 (Signature) (Title) Submitted on (Date)

Section B: Applies to CONNDOT Projects ONLY

That pursuant to CONNDOT contract requirements for reporting purposes only, all employees listed under Section B who performed work on this project are not covered under the prevailing wage requirements defined in Connecticut General Statutes Section 31-53.

Robert Craft owner 10/2/09
 (Signature) (Title) Submitted on (Date)

Note: CTDOL will assume all hours worked were performed under Section A unless clearly delineated as Section B WWS-CP1 as such. Should an employee perform work under both Section A and Section B, the hours worked and wages paid must be segregated for reporting purposes.
