

Greater New Haven Water Pollution Control Authority
CWF 2019-04
Process Air Compressor System for Low-Level Nitrogen Removal
Pre-Bid Meeting
Tuesday, July 8, 2023 @ 1:00 PM Local Time

East Shore Water Pollution Abatement Facility
Operations Building Conference Room
345 East Shore Parkway (aka 10 Connecticut Ave) New Haven, CT

AGENDA:

1. Introduction:
 - a. Please sign-in
2. Administrative:
 - a. The purpose of the Pre-Bid Conference is to provide a project overview and take questions from potential bidders relating to the Contract Documents.
 - b. It is extremely important to note that bids must be based solely on information contained in the Contract Documents, including any addenda. Nothing stated in this meeting modifies the Contract Documents unless it is followed up in the context of an Addendum to the Contract Documents.
 - c. Written questions should be submitted to Owner and Engineer by **August 21st, 2023**.
 - d. Clean Water Fund project requirements.
3. Bid Submission:
 - a. Must be submitted on the prescribed bid form and a certified check or bid bond in the amount of 10% of the total bid amount must accompany the bid.
 - b. Submit bid packages by 11am on Wednesday **August 30th, 2023**, to 260 East Street, New Haven.
 - c. **Bid documents must be purchased at 260 East Street, New Haven by appointment. Bids from Contractors who did not obtain the documents properly will not be considered.**
4. Project Scope and Sequencing:
 - a. The Project contemplated consists of providing all materials, equipment, labor, and supervision for the construction of a new process air compressor facility including, site civil work, relocation of underground utilities, abandonment of existing utilities, installing micro piles, construction of a new process air compressor building with an electrical room, installation of 6 process air compressor units, installation of process air piping and controls, demolition of existing process air piping and controls, construction of walk ways and sidewalks, repair to existing building masonry, repair to aeration basin construction joints, installation of site drainage, and paving of a new road. The process air compressor manufacturer and scope of supply have been preselected. Bidders will include the cost of the preselected equipment in their bid as shown on the Bid Form. The project duration is 750 calendar days.
 - b. The Process Air Compressor Units have been pre-selected and will be provided by Neuros. (See Vol. 3)
 - i. Neuros Contact: Roberto Ojeil; ROjeil@apg-neuros.com; 1-866-592-942, ext. 2161
 - c. Specification 013113 (Project Coordination)
